STAR GRIP supports a MAP (Minimum Advertised Price) policy on all its products. We have implemented this policy to preserve the strong reputation of our brand and for providing our customers with superior products and responsive after sales support. MAP helps us support the advertising and promotion of our products by our Dealers. MAP does not establish maximum advertised prices and Dealers may offer STAR GRIP products at any prices in excess of its MAP pricing. Repeated failure by Dealers to abide by this policy gives STAR GRIP the option to terminate the special pricing afforded to such Dealers.
